

CATEGORY SINGLE DWELLING (ALTERATIONS & ADDITIONS)

BRIDGE HOUSE
SUBMITTED BY
ANDERSON
ARCHITECTURE

The Bridge House achieves a unique series of sustainably designed, highly efficient spaces that maximise the potential of a challenging site.

Photography by Nick Bowers

HARRINGTON HOUSE
SUBMITTED BY
BOOTH & WATTS

Harrington House is an adaptive reuse of a heritage-listed warehouse, repurposed as a contemporary private dwelling and studio.

Photography by Booth & Watts

BRICOLAGE HOUSE
SUBMITTED BY BREATHE
ARCHITECTURE

Bricolage House, the reinvention of a decrepit Victorian cottage, was built for a young professional couple with a growing family and an appreciation for art, design and experimentation.

Photography by Andrew Wuttke

COWSHED HOUSE
SUBMITTED BY
CARTERWILLIAMSON
ARCHITECTS

Preserving a moment in the all but forgotten pastoral history of this rapidly gentrifying neighbourhood, Cowshed House is a sensitive adaptive reuse of an existing cowshed.

Photography by Brett Boardman

COSGRIFF HOUSE
SUBMITTED BY
CHRISTOPHER
POLLY
ARCHITECT

To transform a two bedroom dwelling with a single living space into a four bedroom dwelling with two living spaces, all within a narrow lot, was the brief for Cosgriff House.

Photography by Brett Boardman

HAZELWOOD PARK RESIDENCE
SUBMITTED BY ENERGY ARCHITECTURE

With a holistic approach to design, Energy Architecture integrated passive design strategies with sustainable technologies throughout the house.

Photography by Sam Noonan

BALMAIN HOUSE
SUBMITTED BY
FOX
JOHNSTON

Balmain House began with a brief to provide simple, functional, generous, private and light-filled living spaces for a young family within the constraints of a small inner-city block.

Photography by Brett Boardman

NUNAWADING RESIDENCE
SUBMITTED BY
MAXA DESIGN

The Nunawading Residence is a 1960s timber clad home that has undergone a complete makeover so that its functions are suitable for a young family.
